Intervention and Spare Parts for a total amount of $ ..... tax(es) excluded

It is accepted that

- After analysis by a certified watchmaker, any intervention not included in the set service price but necessary for the proper functioning of the watch will be charged within the limit of an additional 15% of the set service price. Should the amount be exceeded, a detailed estimate will be submitted to the Client.
- The interventions requested by the Client are invoiced.
- The data in this document will be transmitted to and processed by Rolex Canada.
