Dear Sir, Madam,

Thank you for entrusting the above-mentioned watch to us for an estimate of the potential work required, based on the details below. We will contact you to review the completed estimate and next steps in **2-3** business days. Retain this document and present it alongside government issued photo ID upon pick up. Our responsibility ends when the timepiece is delivered to the bearer of this claim letter.

Legal Notices

Client
A contractual relationship exists between the Client and Official Retailer Name. Rolex is not directly part of the contractual relationship. The Client fully discharges the Official Retailer from liability and guarantees that they have the necessary authority and powers to act on the Owner's behalf.

Analysis and Service of a watch
Great care is taken when handling and working on watches. An estimate includes the opening and a meticulous analysis of the watch which may result in damage. Official Retailer Name accepts no liability for any damage that may occur to the watch during analysis and/or servicing as a result of its original condition. The estimate is based on the initial evaluation and is intended to inform the Client on the price of a service. It does not attest to or guarantee the authenticity of a watch. Rolex reserves the right to revise the initial estimate or discontinue a service once the quote has been accepted, if it identifies modified or counterfeit component(s) or additional damages. If other charges will apply, the Official Retailer will contact the Client for further authorization.

Counterfeit and stolen watches/components
If the watch is determined to be a counterfeit, or if it was subject to a theft, Rolex reserves the right to notify the competent authorities and to undertake all necessary legal steps. Rolex cannot offer service to counterfeit or stolen watches, or watches featuring counterfeit or modified components. The replacement of non-compliant parts is mandatory and the counterfeit or modified components will be destroyed.

Jurisdiction and applicable law
If, at any time during the term of this agreement or after, any dispute shall arise between the parties hereto concerning this agreement or the rights and obligations between the parties, such dispute is hereby submitted to and shall be resolved by confidential arbitration under Province Name law in City Name. The decision of the arbitrator shall be final and binding, with no appeal.

Validity of the quote
This quote is valid for 90 days from its issue date. If a response is not received in that period, the watch will be considered unclaimed property.

Delivery lead time
The stated lead time is not guaranteed. However, if while servicing the watch there is a need to extend the lead time, the Client will be contacted.

Unclaimed property
If the Client does not claim the watch within 2 years after a Final Delivery Reminder is sent, the watch will be considered abandoned and the Client hereby authorizes Rolex to dispose of it in accordance with the laws relating to repair and storage of personal property. The Client releases any and all claims they might have as a result.

Loss or damage
The responsibility of Official Retailer Name to bear the risk of loss or damage (unrelated to the original condition of the watch) to the authentic Rolex or Tudor watch takes effect when the timepiece is received on our premises and ends when signed delivery to the Client occurs. In the unlikely event of loss or damage of the watch during this period, Official Retailer Name will contact the Client. If damage to the watch may be remedied by the replacement of a part, Rolex may, in its absolute and unfettered discretion, replace the part with a current or similar part.

Price of components and replaced parts
All component prices are calculated on an exchange basis, including any potential return of precious metal, and therefore any replaced components will not be returned. All replacement components will be of the current generation available.

Full Service only
The full service includes: Service of the movement and timekeeping accuracy testing. Where applicable, it also includes refinishing of the case and bracelet, replacement of the acrylic crystal, case tube, water resistance tests. Except when expressly excluded from the guarantee in writing in the estimate, work and parts are guaranteed for a period of 24 months from the date work was completed and watch was available for collection/dispatch. The guarantee covers the replacement of parts and labour costs. It however does not cover damages or deteriorations resulting from an accident or improper use of the watch, or abnormal wear of its components. Should any intervention be carried out by a third party non-authorised by Rolex SA or any parts or accessories not manufactured by Rolex SA utilized, the service guarantee will be deemed void.

Terms of payment
The invoice must be paid either in advance by the Client or when the watch is collected. Payment options include: money order, major credit card, or debit (for pick up only). Official Retailer Name has the right to retain and has a lien or charge upon the watch until such time as the invoice is paid.
